CONCLUTION

This Annual Report for the financial year 2023-24 is being published with the consent of all the governing bodies of the organization as per rules. All the information and pictures published in this annual report are based on truth and no false information is given here. As per rules this annual report will be presented in the annual general meeting of this year. Due to lack of funds, we could not take many programs even if we wanted to. In the next financial year, if we get support from the government or donations from corporate funds or well-wishers, we will be able to complete the mission we started with. Also we can complete the future plans mentioned in this report.

So that end, once again our thanks to all well- wishers, Donors, Friends, members, Social Workers , Trainees, Trainers and Volunteers.

Thanking You
With Regards
